PURPOSE:

A founding principle of the Tuition Waiver Policy adopted by the Board of Higher Education is the belief that the benefits of higher education must be available to all citizens. The Board of Higher Education has developed a system of financial aid policy designed to assure and maintain access to the Commonwealth’s public colleges and universities. An underlying goal of the policy is that future public sector tuition increases be matched with a concomitant increase in the maximum award for the financially neediest students. Further, financial aid provides an important tool for improving student quality and collaborations that enhance the efficiency and effectiveness of the system.

The Tuition Waiver Program, originally developed in 1981 to offset tuition increases and declining federal dollars, is fundamentally designed to provide financial support to those individuals who would be denied the opportunity for higher education, without such assistance. Over the years, tuition waivers have been utilized as supplemental scholarships in campus-based financial aid packaging strategies. Thus, they represent an important mechanism for campuses to assist needy students.

The Legislature, following the principles of the financial aid policy outlined in the Task Force Report on Financial Aid, mandated that a single Tuition Waiver Program be developed. The single Tuition Waiver Program consists of several components designed to ensure maximum access for Commonwealth residents and provide incentives for improving student quality and institutional collaboration as follows: need based waivers, categorical waivers, graduate tuition waivers, and additional categories of waivers as approved by the Board of Higher Education.
SECTION A. NEED BASED TUITION WAIVERS

DEFINITIONS:

INSTITUTION:

An institution within the system of public institutions of higher education under Section 5 of Chapter 15A of the General Laws.

ELIGIBLE PROGRAM:

Any state supported undergraduate degree or certificate program offered by an institution. Institutions are encouraged, where appropriate, to extend waiver eligibility to students enrolled in non-state supported degree or certificate programs. The institutional definition of “certificate” program shall apply.

ELIGIBLE STUDENT:

A student enrolled in an eligible program and meeting the following requirements:

a) A permanent legal resident of Massachusetts for at least one year prior to the opening of the academic year and be a U.S. citizen or a non-citizen eligible under Federal Title IV regulations.

f) Maintaining satisfactory academic progress according to institutional standards developed for federal financial aid programs, with at least an annual review.

g) Has not earned a baccalaureate or professional degree.

INSTITUTIONAL ALLOCATION:

a) Base Allocation: Each institution shall receive a base allocation equal to its total Need Based Tuition Waiver utilization rate in the preceding Fiscal Year. Institutions may petition the Chancellor for a base allocation adjustment due to extenuating circumstances. All petition approvals are at the sole discretion of the Chancellor.

b) Supplemental Allocation: In recognition of the need to offset increased tuition costs, the Chancellor may provide a campus with a supplemental allocation. Requests for a supplemental allocation must be received by the Chancellor on or before October 1 of the academic year for which the allocation is requested. Any supplemental allocation granted shall not exceed the established rate of increase in tuition for that academic year.
c) **De-obligation/Reallocation:** On or before November 1 of each year, institutions needing additional waiver resources may request the Chancellor to reallocate the unused or uncommitted portions that are released by other institutions. Subject to the availability of de-obligated resources, the Chancellor may reallocate waiver resources on or before December 31.

**DETERMINATION OF NEED:**

All waivers must be made on the basis of demonstrated financial need.

a) Students qualifying for a waiver must complete the institution’s required application process for student financial aid.

b) Students selected by the U.S. Department of Education for verification must complete all required documentation prior to receipt of a Tuition Waiver.

**STUDENT AWARD VALUE:**

b) Tuition Waiver awards, in combination with other resources in the student’s financial aid package, may not exceed the student’s demonstrated financial need.

c) Students qualifying for a Tuition Waiver may be granted partial or full waivers depending upon the institution’s financial aid packaging policies.

d) Tuition Waivers should generally be awarded during the financial aid process as a component of the student’s financial aid package. Therefore, students should be notified of Tuition Waiver awards via the financial aid award letter.

**PARTICIPATION AGREEMENT:**

All institutions must file a State Financial Aid Participation Agreement to be maintained on file in the Office of Student Financial Assistance.
